New Features

Broker Accreditation

1. Create new broker accreditation – Standard form with file uploading. This should be accessible anywhere. Form content is **dynamic** based on if – sole propriety, partnership, or corporation. Should generate **unique code** upon saving that **deletes after 30 days**. (Not the same navbar with DREAMS).

2. Edit broker accreditation – Allows input of **unique code** to edit information.

Broker Accreditation Approval

1. Allows for **viewing, approval** and **disapproval** of accreditation forms
2. If approved, should **automatically** create a new broker DREAMS user
3. If approved, should **automatically** create new business partner master data for Sales Agent, Broker, Manager, Area Head

Business Partner Edit

1. Should generate **unique code** upon **creation of new buyer** that **deletes after 30 days**. This can be accessed by buyer anywhere to edit his/her information.

Sales – Reservation

1. Sample Quotation – Should input sales person (Valid for **30 days** and **can renew another 30 days**)
2. Forward to AMD will post a sales order
3. Can input payment date during payment input
4. Should be able to handle multiple quotation – Show prompt if it already has a quotation but should allow to proceed

Batch Details - LTS Number UDF (Kay TC na itu)

1. If RA print OR
2. If LOI print provisional report

DP and Reservation

1. If 25% collected, create an A/R Invoice
2. Will post DPI + Incoming Payment (Previously AR/DP request in RPI)

Commission

1. Should list quotations that have reached a certain payment percentage and are ready for commission release. This is based on commission scheme SAP table (ABCI commission scheme, broker commission scheme)
2. Post a standalone A/P invoice

Document Requirements

1. Make free text uploading (Because it can be repeating)
2. Make two columns CTR and Documents (CTR is required)

Note: Uploading is before DP

Bugs:

Test Scenario A (Failed – Still able to click lot & color is not found in legend)

1. Reserve a lot

2. Reserve the same lot (Within the 2 hours)

Test Scenario B (Failed – Will NOT block entry even if lot was already reserved)

1. Reserve a lot
2. Reserve the same lot (After 2 hours)
